County council chooses new Warden

Anson, Hindon and Minden reeve Lyle McKnight has been appointed Warden of Haliburton County for 1984. McKnight's appointment was confirmed at the inaugural session of council last Tuesday night.

The Minden reeve takes over from Bill Howe, reeve of Bicroft who held the post for the traditional one year term, from December of 1982 through November, 1983.

Council also named its committees for 1984 last week, adopting

the report of the steering committee at a regular session Wednesday afternoon.

Committee Chairman Murray Fearrey said the appointments took into account what he described as "a general feeling that there was some unhappiness that smaller municipalities were not involved enough in decision making." To help alleviate the problem, the steering committee proposed adding two seats to the management

and personnel committees to bring them up to five members, and increasing the road committee from five to seven members.

The recommendations were adopted as presented by Fearrey.

Named to the management committee were Stanhope reeve Harry Davis, Fearrey, who is reeve of Dysart et al, Sherborne et al reeve Dalton MacDonald, Glamorgan reeve Bob McCausland, and Cardiff reeve Mack Peters.

Serving on the personnel committee will be Fearrey, Bicroft reeve Bill Howe, Lutterworth reeve Ron Gambell, Monmouth reeve Keith Tallman, and Snowdon reeve Bob Vick.

The finance committee will consist of Cardiff deputy reeve Ross Duncan, Lutterworth deputy reeve Glynne Lewis, and Anson, Hindon and Minden deputy reeve Ed Pergolas.

Council's correspondence committee for 1984 will include Glamorgan deputy reeve Jane Franklin, Sherborne et al deputy reeve Don Shortreed, and Snowdon deputy reeve Dwain Wruth.

Members of the road committee are appointed for varying terms as specified by the Municipal Act. Serving on the committee are Dysart et al deputy reeve Gary McKnight (1984), Dalton MacDonald (1985), Ron Gambell (1986), Keith Tallman (1987), Bill Howe (1988), Harry Davis (1984), and Bob Vick (1988).

The Hyland Crest committee of management will be made up of

Murray Fearrey, Ed Pergolas, Mack Peters, Bob McCausland and Don Shortreed.

Council's representatives on the Haliburton County Library Board for 1984 will be Monmouth deputy reeve Harry Clarke, Ross Duncan and Bill Howe. Non-council appointments to the committee include S. McGee to December 1984, Holly Sisson replacing Roy Brohm to December, 1985, and Marilyn Stouffer through December, 1986.

The property committee will be made up of Harry Clarke, Gary McKnight and Elgin Stouffer.

Jane Franklin will continue to represent council, at the Children's Aid Society, Glynne Lewis will remain Children's Services representative, and Keith Tallman will again represent council's interests at the Health Unit.

Elgin Stouffer, Dwain Wruth and Mack Peters will make up council's forest management committee.

As usual, the Reeves of all of the municipalities will serve on a committee to consider any planning matters that may arise.

Santa Claus came to the Haliburton Legion on Saturday, and scores of children turned up to see him. For some, like this youngster, it was a new and puzzling experience. For others it was a chance to

greet a familiar friend. The party was jointly sponsored by the Haliburton Rotary Club and Branch 129 of the Legion.

No Echo next week

In order that our employees can enjoy Christmas with their families, the Haliburton County Echo will not publish an edition between Christmas and New Years. We trust that our readers will not be inconvenienced in any way by this decision, which is in keeping with the practice we have followed for several years.

The Echo will be back in the first week of January, as usual. May we take this opportunity to wish all our readers a safe, happy and love-filled Christmas holiday.

See you in '84: Creighton Feir, Len Pizzey, Sandra Bishop, Donna Brohm, and Debbie Bates.

Group will explain law

Councils to hear why county should follow

Dysart et al's Forest Advisory Group will explain the municipality's tree cutting by-law to townships which are resisting a county-wide by-law based on the Dysart model. The meetings with dissenting councils are expected to be held before the January session of County council.

Council's forest management committee chairman Elgin Stouffer proposed the visits at council's December session last Wednesday. Stouffer noted that there is "a general feeling in the industry" that a county wide tree cutting by-law is needed.

Dysart reeve Murray Fearrey commented that some people apparently don't understand the by-law, and think it infringes on the rights of private landowners, when in fact the by-law regulates only commercial logging.

"It's true that we don't really

know what's going on," Sherborne et al deputy reeve Don Shortreed said. "We've never had it explained to us."

Shortreed said he wondered how regulations would be enforced. "If it was county wide, would the county or the individual municipality be responsible for enforcement," Shortreed mused, and how would costs be apportioned?

Stouffer noted that Dysart's enforcement officer spends about two days a week at the task in peak season, and speculated that enforcement of a county wide by-law would be "a comfortable job for one man."

Bicroft reeve Bill Howe said costs could be assessed on a "user pay" basis to each municipality.

Further discussion on the tree cutting by-law is expected at council's January session.

Police continue spot checks

Minden OPP officers are continuing their efforts to crack down on drinking and driving and to enforce seat belt laws. As well, enforcement teams made up of officers from neighbouring detachments boosted regular detachment strength last Friday to set up check points throughout the area.

A total of 528 vehicles were checked, which resulted in 36 seat belt infractions, two 12 hour license suspensions, one impaired driver charged, two liquor charges, and two drug charges.

The spot checks will continue throughout the holiday period, police say.

Minden councillors in 1850's style

The pioneer spirit will be resurrected in Anson, Hindon and Minden next year as the municipality celebrates its 125th anniversary. And to help mark the occasion, councillors and municipal staff have decided to dress up in 1850's style. Under a policy adopted last

Thursday, councillors and members of staff will have to appear at regular sessions, beginning in June and continuing through November, "in attire appropriate to the 1850's."

Failure to comply with the policy

Please turn to Page 2

County says no new bridge, Minden council not pleased

Haliburton County council's road committee has decided not proceed with a proposed new bridge in Ingoldsby. Instead, the existing one lane bridge and approaches will be repaired and the appearance of the structure will be improved.

The decision caps years of controversy over the estimated \$350,000 cost of a new, two lane structure and the restrictions it might impose on boater traffic between Kashagawigamog and Canning Lakes.

While the county's decision will be welcomed by opponents of a new bridge, Anson, Hindon and Minden council is unhappy. At a meeting last Thursday, councillors passed a resolution stating that the municipality "strongly objects" to the county road committee's plans to repair the old bridge.

The Minden resolution states that "considerable time and effort has been spent on plans and a great deal of money was expended on consultants plans and land acquisition" for a new bridge. "Residents

of Ingoldsby were led to believe that the replacement of the bridge would proceed; and as of this date, no publicity release or explanation has been given to the Ingoldsby residents." Councillors noted that "there is a resolution in the minutes of County council dated October 13, 1981, moved by Mac MacGillivray, seconded by Murray Fearrey, "Be it resolved that Greer Galloway complete the design and tender documents for Ingoldsby bridge so that tenders can be called in the spring of 1982." The Minden resolution also draws attention to "the bottom line" of the bridge inspection report done by Totten, Sims, Hubicki in 1980, which states that "before implementing the restoration work and because of the expenditure involved, consideration should be given to complete replacement of the existing structure."

Designs and discussions have been going on since 1974, Minden councillors point out. In May of 1975

design plans done a Mr. McAlpine were received by County roads committee and submitted to MTC for approval. "It has been nearly 10 years since County council decided Ingoldsby should have a new bridge and costs have been escalating. It is time that County council followed through on their original decision," the Minden resolution states.

According to a letter from county engineer Bill Obee notifying Minden council of the road committee's decision, the county has the support of the MTC in repairing the old structure.

The road committee also noted that it will determine if the structure meets provincial specifications for "historic bridges."

The road committee decision was opposed by Anson, Hindon and Minden deputy reeve Ed Pergolas, but supported by the five other members: Keith Tallman, Gary McKnight, Dalton MacDonald, Bill Howe and Ron Gambell.

Board spells out policy

In move to tighten up its procedures and ensure orderly consideration of issues, the Haliburton County Board of Education has adopted a policy for dealing with problems brought to the board by the public.

Individuals or delegations now must take their questions or complaints to the appropriate board committee first, where an attempt will be made to resolve the matter. If the person or delegation is not satisfied with the committee's decision, an application may be made in writing to be heard at a general meeting of the board.

The new regulation states that

the board will hear out the individual or delegation, but will not discuss the matter until later in the meeting, after which a decision will be made. If the board feels more facts are needed, a decision may be deferred.

Once the matter is settled, the individual or delegation will be notified in writing of the board's decision.

The board also decided that trustees must notify the chairman in writing before each general meeting regarding any new business they may wish to bring up after the board's regular business has been concluded.

Minden trustee is chairman

Anson, Hindon and Minden trustee Bonnie Lee Berry has been appointed chairman of the Haliburton County Board of Education for 1984. Berry replaces Dysart trustee Nancy Stinson, who completed her one year appointment at a meeting last Tuesday.

Berry was appointed to the board in 1981 to replace trustee Lloyd Johnson, who stepped down because of other commitments. She was elected to the board for a three year term in last November's municipal elections.

Dysart et al trustee Paul Wilson has been appointed vice chairman of the board for 1984.

The board also appointed a new trustee to its ranks last Tuesday. Lynn Craigmyle was chosen to fill the seat vacated by Blair Pierce, who resigned in November because he was leaving the community.

Craigmyle was a candidate for the seat in the November, 1982 election. He will serve the remaining two years of the board's term.

County to meet seven times

Haliburton County council has cut three meetings from its schedule, a move that should save several thousand dollars.

At a meeting last Wednesday, council adopted a by-law proscribing seven regular meetings a year. Council will now meet on the third Wednesday in January, March, May, July, September, November and December.

The by-law states that if the third Wednesday in December falls after

the 18th day of the month, council will meet on the second Wednesday for that month only.

The inaugural session will continue to be held on the Tuesday evening preceding the regular December session.

Additional meetings may still be called if the Warden deems them necessary.

The by-law was adopted unanimously without discussion.

Workshops planned for new year

A series of workshops will be held in the new year to discuss children's services in Haliburton County.

Lutterworth deputy reeve Gynne Lewis, Haliburton County Council's representative for children's services, told council last Wednesday that the workshops are planned for January 23 in Minden, February 13 in Haliburton and March 5 in Wilberforce.

The needs assessment workshops are being sponsored by the Haliburton County advisory board on children's services, and are open

to anyone with an interest in the subject.

Notice of the meetings will be circulated in the new year.

Council dress up

from page 1

"shall result, at each occurrence, in sanctions imposed upon those persons as decided by the majority of council in attendance."

The minimum fine? A \$5 contribution toward coffee break supplies, the policy states.

Student musicians at Haliburton Highlands Secondary School staged a concert for parents and friends at the school last Wednesday night, and played some good music. Here members of the concert band wind

up the concert with music that spans more than two centuries, from George Frederick Handel to the Beatles.

Board of Education minutes

The regular meeting of the Haliburton County Board of Education was held in the Board office on Tuesday, December 13, 1983, commencing at 8:00 p.m.

Present were: Ross Anderson, Bonnie-Lee Berry, Kelly Crick, LeRoy Eager, Julie Hunter, Cheryl Murdoch, Leonard Salvatori, Brian Sisson, Nancy Stinson, George Simmons, David Villard, Paul Wilson, J. Douglas Hodgson, and Stanley Baker.

Absent were: Dorothy Kinsman and Linda Mumford.

The meeting began with Nancy Stinson thanking the Board members for their support during her year as Chairman. She asked the Board to extend the same favour to the newly elected Chairman.

J. Douglas Hodgson, Director of Education, then chaired the meeting for the election of a Chairman of the Board for the period from December, 1983 to December, 1984.

Bonnie Lee Berry was nominated for Chairman of the Haliburton County Board of Education for the term of December, 1983 to December, 1984. The nomination was accepted unanimously.

Bonnie-Lee Berry then took the Chair and thanked the Board for her election. She said she considered a great honour and would do her best to lead the Board through its work during the coming year.

The honoraria for Trustees was set at a rate that existed prior to January 1, 1981.

Paul Wilson was nominated as the new Vice-Chairman of the Board, commencing December, 1983 to November, 1984. The nomination was accepted unanimously.

Lynn Craigmyle was appointed Dysart Trustee to replace Blair Pierce. Craigmyle arrived later in the evening, took the Oath of Office and participated as a member for the rest of the meeting. The Chairman welcomed him and said she hoped he would find his service on the Board both happy and worthwhile.

Ross Anderson reported on the CEDSS Committee meeting held on December 8, 1983. He said Doug Mitchell had made a report to the Committee in which he stated there had been a lot of cooperation and the work was on schedule. He hoped by January 20, 1984 when he

completed his last day on the CEDSS programme, that the Internal Report will be completed. There were 2,300 questionnaires sent out and 1,700 returned.

Dr. Charles Pascal also attended the CEDSS Committee meeting and talked about Sir Sandford Fleming College in general and its operation in Haliburton County in particular. He thanked the Board for its cooperation in allowing the School of Fine Arts to use school buildings and said he thought this venture would grow.

There has been some question about staffing for special education at the Archie Stouffer Elementary School. The Board appointed a committee to look into this matter and report back to the Board in the new year.

The Haliburton County of Education appointed a committee of Brian Sisson, Bonnie-Lee Berry, George Simmons, LeRoy Eager, Cheryl Murdoch and Dorothy Kinsman to look into the Special

Education programmes at the Archie Stouffer Elementary School.

The insurance renewal premiums for 1984 with the Frank Cowan Company, in the amount of \$26,671, were approved. The Haliburton County Board of Education gave approval for all schools to order up to 30% of the 1983 Budget for instructional supplies pending approval of the 1984 Budget by the Board. Capital equipment is not to be ordered until the 1984 Budget is approved.

The Haliburton County Board of Education will purchase personal Conflict of Interest insurance. The premium of \$50 per annum to be paid - \$40 by the Board and \$10 by each trustee. The trustee's portion will be deducted from the honorarium.

Dawson, Gray, Dart Chartered Accountants were appointed as auditors for the Haliburton County Board of Education for 1984.

The Haliburton County Board of Education established

Hospitals get eight percent grant raise

Hospitals in Ontario will get an average increase of eight per cent in provincial grants, including five per cent for salary increases, for 1984-85.

Health Minister Keith Norton told officials of the Ontario Hospital Association that the increase will bring the government's annual spending for hospital operating costs to nearly \$4 billion, an average expenditure of \$465 for every person in the province. Ministry spending for 1983-84 on hospital budgets is more than \$3.6 billion.

Details of the grant increases will be explained to individual hospitals early in the New Year.

Each hospital will get a general increase of five per cent over its allocation for 1983-84 to provide for wage and benefit increases in keeping with the Ontario government's wage restraint program. The other three per cent will be allotted to cover:

- funds to maintain programs started in 1983-84 with ministry approval;
- cost of new programs or expansions already approved to begin during 1984-85;
- costs associated with the growth of life support programs such as renal dialysis, cardiovascular surgery, cancer chemotherapy, pacemakers, total parenteral nutrition and perinatal programs in designated major and teaching hospitals;
- costs of workload increases resulting from larger numbers of patients treated by the hospital;
- an additional one per cent for small hospitals which have 50 or fewer beds.

In 1982-83 the government introduced both the Business Oriented New Development Plan and a new funding formula on a base which recognized actual expenditure levels," said Norton.

The aim was to end the counter productive overspending versus underfunding debate. "As a result of the changes, plus the continuation of the formula in 1983-84, as well as better hospital management, just about every hospital in Ontario is now operating in the black," Norton said.

Timely

The announcement that Canada's Criminal Code will be amended to impose stiffer penalties on drinking drivers could not have come at a more appropriate time. Christmas is a time for celebration, and unfortunately, that means more impaired drivers will be travelling the province's roads over the holiday season.

In deciding to tighten up the law, the federal government is responding to widespread public concern over a growing social problem. For too many years, driving have been viewed as a right rather than a privilege. And all too often, drinking drivers have received little more than a slap on the wrist while their victims have either been deprived of life, or left to suffer mental and physical pain, sometimes for the rest of their lives.

The blame for this carnage, and for the attitude that has made it possible, rests squarely on the shoulders of every citizen. We have not spoken loudly enough against irresponsibility and alcohol abuse. We have not acted forcefully enough to censure those whose actions threaten the lives of others. When we have talked about drinking and driving, it has too often been couched in terms that told the drinking driver he was risking his own life, when we should have made it clear that the lives of others were more important.

The new federal legislation puts the problem in a new perspective. It treats the drinking driver as a criminal.

That is an approach which we should all applaud.

Our best

The staff of the Haliburton County Echo would like to take this opportunity to wish all our readers a Merry Christmas and a happy and prosperous new year.

1983 has been an important year in the life of Haliburton County. There have been accomplishments and setbacks, tragedies and triumphs, lingering problems and bold new directions. Through it all, the staff of this newspaper have done their best to bring you information about the life of the community, in all its complexity. There has been much to criticize and more to praise. We have tried, within the limits of our talents and the constraints of life's other interests, to inform you, entertain you, challenge you and touch your emotions. In the process, we may have angered some and pleased others. But through it all, we have tried to live up to our goal, which is to bring you a community newspaper whose equal will be found in few communities of similar size.

Since this is our last issue for 1983, we want to say thank you for your support, encouragement and criticism. It has been a pleasure to serve you.

May the season be a safe one for you and those you care about, and may the new year bring you your fair share of happiness and love.

Merry Christmas.

Opposed

It looks like Haliburton County may yet get a by-law to control the harvesting of certain types of trees by commercial loggers. Municipal councils who want more information about the proposed by-law and its benefits will get it over the new few weeks, and the by-law will come up for discussion at subsequent county council sessions.

Support for the legislation appears to be widespread. Those who oppose it apparently don't understand it, as council discovered at a meeting last Wednesday. It seems that in local politics, as in most other aspects of life, to be ignorant of something is almost always to be against it.

Letters to the Editor

To The Editor:

This letter concerns "The Tree By-Law." In your recent editorial you wonder why the public are not supporting it. I will try to tell you why I want no part of this by-law and I know I speak for a good many of our friends.

First of all we own 100 acres of bushland and take great pride in this piece of property. We want our grandchildren and our great grandchildren to be able to enjoy them in the years to come.

We recently watched a 200 acre parcel of land, very near to us, being desecrated. This piece of property is owned by a Toronto man and he gave the timbering rights out to three or four groups of people and then didn't even bother to come up to see what was happening.

This "Tree by-law" was drawn up by a very smart group of people and to anyone who doesn't understand legal documents it looks very straightforward but don't kid yourselves, it gives many more rights to these people than has been explained. In any case why does it take several pages of legislation to catch one group of people? To me it seems very simple. Anyone wanting to give out timbering rights on large tracts of land or even small tracts of land, should be required to have a permit. This would give the Ministry a chance to keep an eye on them. Why bother the small land owners who only cut a few trees each year? It is just another government official being

given the right to invade our privacy.

William Pitt once said: "The poorest man may in his cottage bid defiance to all the forces of the Crown. It may be frail -- its roof may shake -- the wind may blow through it -- the storm may enter -- the rain may enter -- but the King of England cannot enter -- all his force dares not cross the threshold of the ruined tenement."

If a man's home was his castle in William Pitt's 18th century England, it's an open house in Ontario today. The report handed down recently by the Ontario Law Reform Commission states that 1,400 powers of entry have been handed to public officials by Provincial Law. Express authority to enter land or premises, without a warrant, is granted in 223 public statutes, 61 private statutes, 86 regulations and numerous by-laws.

This same Commission recommended that safeguards be written into a new "Powers of Entry Act," that would apply to all statutes, regulations and by-laws in Ontario. The enshrining of the rules in a statute would require their use in all situations, would discourage their abandonment at the whim of an individual official and would be a symbol of a commitment to privacy, at little cost to society.

I say to you that we don't want any more officials coming onto our property, at any time,

Please turn to Page 5

Notebook

by Len Pizzev

"Peace on earth; goodwill toward men". These simple words remind us not only of the origin of Christmas, but of the challenge the season extends to all people. More than any other celebration, Christmas is a time for reflection, a time to consider our actions and attitudes amid brave hopes for a better world and a brighter future.

Christmas is a festival of happiness and humanity, a season of friendship and sharing. It brings out the best in people, reminding us of the richness of family life, warming our spirits in the light of friends and fellowship.

But there is a bittersweet side to Christmas. For despite the fundamental optimism of a religious Christmas, the human feelings to which the season gives rise are too often transient. The joys are fleeting, and the generosity of spirit is soon forgotten amid the familiar pattern of life, a pattern that breeds insularity, impatience, and

lingering dissatisfaction.

Christmas changes nothing, it seems. But does it have to be so? Each year, Christmas renews feelings which, if kept alive throughout the year, would make life richer. Charity and consideration are not unknown at other times of the year, but they are harder to find. Although mankind has had 2000 years to learn the lessons of Christmas, the message of hope and goodwill rings more hollow than it ever has. For no matter what religious or philosophical system people embrace, cruelty, suffering, ignorance and aggression remain entrenched in the world. Mere words can never banish them.

Yet each year, Christmas brings glimpses of a better life, one in which people would care more and complain less, share more and covet less.

The challenge of Christmas is to keep that vision in mind throughout the year.

Feir Play

Creighton Feir

We are nearing the end of 1983 and this will be the final edition of the Haliburton County Echo before we ring in the new year. This will also be my last column for year. In this year of 1983, granted, times have changed and in many ways we have come a long way in the field of progress. Instead of living in the Pepsi generation we are now living in the world of computers. Just take a look around you and see the many conveniences we have today and then look at the hardships endured by people in years gone by.

This is an extremely happy time of the year because this coming Sunday, December 25, we will be celebrating the birth of Jesus Christ. Yes, many things have changed but one thing that hasn't changed is God's word that is spelled out in the Bible, the message of which is the same yesterday, today and in the future.

Although this time of the year is a happy time for many, we must remember that it can be a sad time for others. Let us be especially aware this Christmas of all those around us who are in need of the joy and happiness of the season. Let the love of caring and peace and happiness be in their hearts, knowing that someone loves them.

You know it's a funny thing that during the year most of us really don't give too much thought to the problems of our fellow man or neighbours. Most of us have the feeling that we will look after number one and let everyone else look out for themselves. How much time do we take to visit a friend or a person who may have a problem we can help them with? No, we are too busy and as an excuse we say that we haven't got the time to get away from our busy schedule. But isn't it a fact that especially during the month of December and as Christmas approaches we all seem to get that spirit of Peace On Earth, Good Will Toward Men. At this time of the year we all seem to take on a different character and start to visit people. We take the time to stop people on the street to wish them a Merry Christmas and our thoughts turn to those who are less fortunate than ourselves. If we can do it in December why can't we do it all year round?

We wish that everyone would, in the new year, start thinking of that person who has a problem, the person who is lonely and needs someone to start caring for them by paying them a visit whenever possible, or the family whose home life has been broken up as the father and mother decide that they are going their own ways and let the children fend for themselves. If we would all start to help people up instead of knocking them down, what a wonderful world it would be.

Merry Christmas and a Happy New Year.

Dr. Charles Pascal, President of Sir Sandford Fleming College, spent two days recently in the Haliburton area. Among the luncheons and gatherings he attended was a visit to one of the regular meetings of the Rotary Club of Haliburton where he was guest speaker. In his address to the Rotarians he outlined some future trends and references were made to two excellent books, "Megatrends" and "In Search of Excellence."

Continuing education is a lifetime requirement for those wishing to keep up with change. Santa Claus came to Haliburton last Saturday when he arrived at the Legion Hall in Haliburton at noon to hand out presents to all the boys and girls who attended. Entertainment and a movie gave the children a great deal of enjoyment at the Royal Canadian Legion Auditorium. The annual event was co-sponsored by the Haliburton Rotary Club and the Royal Canadian Legion of Haliburton.

We welcome Mr. and Mrs. Bill Burden to the area as the new owners of the West Guilford Shopping Centre. Bill was a former school teacher here in Haliburton and is well known in the area. We wish to take this opportunity to wish Mr. and Mrs. Burden a great deal of success in their new business endeavour and hope that they enjoy living in the Highlands of Haliburton.

The Haliburton Huskies have iced this season possibly one of the best junior hockey clubs that this village has seen for many years. The Huskies are made up of a fine young group of hockey players who all get along together and who are going all out and giving 100% every time they are on the ice. They are being coached by one of the best in Darrell Stamp, who has had a great deal of hockey experience, having played semi-pro hockey himself not too many years ago. He has the team on the right track and playing well in each and every game. The team is also blessed with a great manager in Glen Storey, who takes a real interest in the team and who resides in Wilberforce and has to travel many extra miles for practices and games. Yes, things are going fine for the Huskies organization this year and the team is now fighting to get into first place in their division and by doing so this would give them the opportunity to pick whatever team they would like to play in the play-offs. The team has everything going for them except fan support. They know that the village is behind them in a financial way but they would like to see more fans turning out to see them play at their home games. If you're not a regular fan why not make it a point to join your friends at the arena and help cheer the Huskies on to victory.

Friends of Gertrude Miller, a former resident of Wilberforce, Ontario, will be saddened to learn of her death which occurred at St. Joseph's Hospital in London, Ontario on December 18. The late Mrs. Miller was the Public Health Nurse here for several years and she was the person responsible for starting the Haliburton Association for the Mentally Retarded.

Pic of the Past

Our thanks go out this week to Mrs. Arthur Veitch of 25 Castles Ave., Toronto, Ontario for

submitting the above photo showing Mr. William Congdon with his team of horses in front of his barn at Lochlin in the year 1921. Mr. Congdon with his team of horses in front of his barn at Lochlin in the year 1921. Mr. Congdon, who farmed and worked in the lumber industry, lived just below Lochlin and just past where Russell Baker now resides.

Federation of Ontario Naturalists

By ARLIN HACKMAN

Municipal board fells warbler woods

One of Southwestern Ontario's finest natural areas, a 64 hectare woodland on the edge of London, can be converted to a large housing project. That's the ruling of Ontario Municipal Board Hearing Officer D.M. Rogers, who agreed to a developer's plan for laying waste to the virtually untouched remnant of mature deciduous forest known as Warbler Woods.

Named after the golden-winged warblers which nested within, Warbler Woods has been enjoyed and studied by naturalists since 1910. No wonder. It is an excellent and remarkably undisturbed example of the mature upland forests once blanketing southern Ontario. The steep ravines and rolling hills defined by the underlying till moraine, support a rich assortment of deciduous trees such as red maple and white oak, as well as more southerly species such as shagbark hickory and black cherry. In early spring, carpets of white trilliums heighten the pleasure of a walking tour.

At least six species of plants occurring in the woods are considered rare in Ontario or Canada. One of three known American chestnut trees remaining in Ontario stands in Warbler Woods and this species is now rare in North America.

All these natural values have not gone unnoticed. The McIlwraith Field Naturalists of London, have been fighting to keep the woodland "as is" since 1976. They were initially supported

by the provincial Ministry of Natural Resources (MNR) which recognized Warbler Woods as a natural area of provincial significance, worthy of provincial park status. But after completing a host of studies backing up this designation, the Ministry backed away from the issue, because senior officials were unwilling to intervene in the municipal arena. The McIlwraith Naturalists were left to defend the public interest at their own expense before the OMB.

In reaching his decision to approve development, the Hearing Officer concluded from mnr's failure to formally object, or purchase the property, that it did not have high regard for the woodland. He also turned down a number of compromise proposals from the naturalists, rejecting their arguments about long-known public benefits of maintaining a bit of natural heritage in favour of those who can afford to pay at least \$250,000 for the large homes to be built. Ironically, all this was rationalized by saying "the Board must be concerned about the greatest value to the greatest number of persons..."

It's not a happy story. Southern Ontario is losing an important natural area of rare Carolinian vegetation. The MNR has failed, once again this year, to defend the public interest in conservation as well as its own land use goals. And the OMB has shown, again this year, an amazing indifference to Environmental concerns. Some changes are due.

More letters to the Editor

from page 4

telling us what we are going to do not going to do. It seems to me we are becoming more like Russia every day - where Government runs our lives and we are no longer free people.

We are law abiding people who came up here to live quietly, freely and to have our own private little piece of heaven. Please no more by-laws.

Sincerely,
Mrs. Joyce Hills
R.R.1,
Kilmount, Ont.

EDITOR'S NOTE:

For the information of our readers, it must be pointed out that the Dysart et al tree cutting by-law does not infringe on the rights of private land owners to cut trees on their property for their own use. The by-law is intended to control the wanton destruction of forest lands by those few commercial loggers who would otherwise pay no heed to good forest management practices. The by-law's widespread acceptance and support

among those people who are affected by it indicates that the legislation is both timely and constructive.

Those residents of Haliburton County who cherish the landscape, and who wish to see it protected for future generations, are well served by Dysart's tree harvesting regulations.

The four page by-law is open to public scrutiny at the Municipal office. Anyone who feels its provisions may affect them is urged to consult the document.

To The Editor:

We put up our Christmas tree last week. Instead of Monday Night Football, we listened to Christmas carols sung by Luciano Pavarotti and Barbara Streisand and some silly songs by the Irish Rovers.

Our almost two year old grandson was with us for the evening while my daughter was engaged in the weekly Bingo ritual at the West Guilford community centre.

Report from Parliament

By Bill Scott M.P.

On December 12, the Report of the Auditor General of Canada was tabled in the House of Commons. Quoting from Mr. Dye's Report:

1.4 On the expenditure side, the accounts reveal where Canadians' tax dollars go. They also show the relationship between the operating costs of the federal government and the rising federal budgets and deficits. Many people assume that increased government spending and the increased deficit are due to an ever enlarging bureaucracy. That is not so.

1.5 In fact, operating and capital expenditures within departments and agencies, including National Defence, account for almost one-quarter of the total federal budget. The figure for the year ended 31 March 1983 is \$20 billion.

1.6 Where, then, is the rest of the money going? The answer is that a massive \$63 billion goes in grants and contributions, to servicing the public debt and in payments to specific Crown-owned corporations.

1.7 Grants and contributions include payments to the provinces for health services, Canada Assistance Plan and post-secondary education, and to individuals as old-age security, family allowances, and unemployment insurance. The total is \$41 billion.

1.8 Public debt costs were \$17 billion for 1982-83. Payments to Crown-owned corporations were \$5 billion.

1.9 Two years ago, I expressed concern about the size of the national debt and the ever-increasing annual deficits. That both the national debt and annual deficits have grown substantially larger over the ensuing years continues to concern me. The decisions which result in annual deficits are policy decisions. These are beyond the purview of my Office. I am also, of course, aware that economists have widely divergent views in regard to the merits of deficit financing.

1.10 What should be beyond dispute, however, is that the Financial Statements of the Government of Canada should, as informatively as possible, set out the operational results and financial position of the Government. For example, if the reporting of liabilities is incomplete, this directly affects the reported deficit and financial position of the Government. The consequence is to leave Parliament with an incomplete or misleading picture.

1.11 My conviction is that the primary objective of the Government's summary financial statements must be to provide a clear picture of the Government's overall financial position, including how it has changed since the previous financial statements were tabled. By contrast, the Government describes the current financial statements as "designed primarily to provide an accounting

of the financial resources appropriated by Parliament" and "to report compliance with legislative authority".

1.19 In brief, parliamentarians are asking for a financial map to show them where they have been and where they are. Further, it has to help them chart their choices for the future.

1.20 My contention is that, with the Government emphasizing compliance as the primary objective of its statements, it is as though parliamentarians were being handed a road map showing speed limits when their real need is for one showing starting points and present locations. Speed limits are important. So is compliance. But in financial matters, as in travelling, it is even more important to know where you have come from and where you are.

1.21 The increase in the national debt is important to all Canadians. Parliamentarians have the need - all Canadians the right - to know the actual deficit, the actual debt as precisely as can be stated. My Opinion on the Financial Statements of the Government of Canada illustrates that those amounts would differ by many billions of dollars from what is presented in those statements if the Government were to prepare the statements with the primary aim of providing the clearest possible picture of its overall financial position to the people of Canada.

1.22 The integrity of the summary financial statements is, therefore, not merely a theoretical issue for discussion by accountants. Although economists may be divided on the merits of deficit budgeting, the one certain thing is that there is a direct link between parliamentarians' awareness of the magnitude of the annual deficit and the policies they agree to. Further, there is a direct link between their decisions and the impact of those decisions on such things as inflation, unemployment and the cost of credit - all of which are of vital significance to every Canadian.

In short, My Dye has condemned the integrity of present government accounting policies. He rightly attacks them for failing to provide Parliament and the country with accurate and complete reports on the financial status of the Government. As he states, no individual should make future financial commitments without knowing exactly where they stand. Why should the Government ask Parliament to approve spending plans for the nation when there is serious doubt about the figures they are using to justify that spending?

The Prime Minister's response in the House was that he had not read it yet, but hoped to over the Christmas recess. That is how little regard he has for the concerns of the Canadian public.

Queen's Park Report

John Earls, M.P.P.

Another British tradition is going to be removed by Premier Davis. Ontario's Election Act is going to be amended.

I welcome the statement by the Honourable Thomas Wells which outlines certain changes. The term "British Subject" will be removed and in the future voting privileges will be for Canadian citizens. This is sensible and fair to every newcomer to Canada.

When the federal government changed the federal Act there was a great cry that Mr. Trudeau was removing another British tradition. Now that Mr. Davis has followed suit, I don't think there will be one objection. It is a move I have long favoured. While I would like to see this change take place at the same time as the other amendments, I do accept the term of July 1, 1986, so that any qualified British subject will have the opportunity to readily and easily become a Canadian citizen if he or she wishes to vote in a provincial election after that date.

Election day in Ontario continues to be Thursday. The bill provides for a common time for polling between 9 a.m. and 8 p.m. local time, year round, except in the districts of Kenora and Rainy River which are in the central time zone. Polls there will be open from 8 a.m. until 7 p.m. central time. The effect is that no poll will be open sooner or close later than any other poll in Ontario.

The minimum period between the issue of the writs and polling day is reduced from 37 days to 30 days, but nomination day will remain 14 days before polling day. These changes will allow for a shorter election period, recognizing the trends toward this across Canada.

There are three significant changes in the

nomination process -- a reduction from 100 to 25 in the number of signatures required for nomination; the requirement for the first time of a deposit of \$200 and the requirement of a statement of having filed -- or an undertaking to file -- for registration with the Commission on Election Contributions and Expenses from each candidate.

Enumerators will be required to make three visits before leaving a notice envelope at the residence and provision is made to add names to the voters list up until the day before polling. In rural ridings the historic right of election day vouching will be continued.

Returning officers will be required to seek out polling locations with access for the disabled. Poll officials will be authorized to move the ballot box to help the elderly or disabled -- for example, carrying the box to the door if the voter cannot come inside.

Municipalities and school boards, along with landlords of premises of more than 100 dwelling units, will be required to make polling space available at the request of the returning officer.

I hope that the variety of changes which are suggested in the amendments brought before the Legislature will be well received and will proceed quickly in the early days of the new session next spring. I would be pleased to receive any comments you wish to make.

The Haliburton Huskies had little trouble with Huntsville on Sunday at the Dysart arena, rolling to a 12-1 win. The Huskies are battling for first place in their division as the season continues.

Huskies trounce Huntsville with 12 goal flurry Sunday

BY BRYAN ABBS

Before a rather disappointing crowd at Dysart arena on Sunday afternoon, the Huskies completely overcame Huntsville in a 12-1 romp. The score could have been higher but for some erratic shooting by Haliburton.

The first goal came at 10:48 with Huntsville a man short. Dave Nicholls passed to Scott Mitchell, who fed Rob Abbs for a shot into the short side. At 19:19 Nicholls made it 2-0 on a beautiful pass out from Mitchell. At 19:44 on another power play,

Drew Bishop scored from Nicholls and Mitchell and the period ended 3-0 Huskies.

Haliburton scored two more in the second, the first at 2:16 with Bishop scoring again, assisted by Scott Rae and Scott Arbuthnot, and at 10:22, Mitchell connected on a three way passing play with Bernie Upton and Nicholls. Huntsville spoiled Dave Storey's shut out bid when they slid one in at 1:43.

The third period saw the Huskies run away with seven unanswered goals. Steve Smith scored his first of three at 2:43 from Andrew Shapiera and Rae. At 5:04 Upton

scored from Nicholls and Mitchell. Then Smith got his second from Rae and Abbs at 9:53.

Arbuthnot scored from Bishop at 12:01. Tony Schefee added another from Boomer Stamp at 16:47. Then at 18:08 Smith got his third, from Shapiera and Rae.

The final goal came at 19:28, Greg Newell from Rae to complete the route.

Huskies completely dominated this game and outshot Huntsville 48-20. Penalties were fairly even with Huntsville taking 10 minors to Huskies 6.

Friday night the Huskies were at Penetang and lost 10-1 to the South Division leaders. The score was not indicative of the play as Haliburton were not allowed a pre game warm up and as a result found themselves down 4-0 in just five minutes. They never recovered although for the second and third period the shots were equal but the Huskies could not dent the Penetang twine.

May I take this opportunity to wish everyone a very Merry Christmas and a Happy New Year, from all the Huskie players, coaching staff and management and yours truly.

This was the scene on Sunday afternoon as the Haliburton Huskies completely dominated Huntsville. The Huskies drove in a total of 12 goals while

allowing only one by their opponents. Despite the high score, fans were treated to some exciting hockey as the Huskies skated hard for the win.

Visitors victorious

Haliburton, Minden eliminated early

Teams from Bobcaygeon and Oshawa were the championship and consolation winners of the Floyd Hie memorial Bantam hockey tournament in Minden on Saturday.

In first round action, Minden and Haliburton played to a two-all tie, Bobcaygeon took St. John's (Peterborough) 5-0, Omemee defeated Bowmanville 5-2, and North Bay got by Oshawa 3-2.

Minden's Tom MacLeod opened the scoring against Haliburton with help from Kent Taylor at 9:07 of the first period.

In the second period, Ron Perrin scored unassisted for Haliburton at 4:28.

The third period saw Trini Elias score for Minden, assisted by Gord Wood and Derek Allison, then Shawn Toughton netted one for Haliburton with help from Drew Mitchell. Despite the tie, Minden was awarded the win for having scored the first goal.

On the championship side, Bobcaygeon defeated Minden 7-0, North Bay took Omemee 8-2, and in the final, Bobcaygeon got by North Bay 4-2.

On the consolation side, St. John's defeated Haliburton 3-2 (scoring for Haliburton were Erin Nicholls from Jaro Cooper, and Drew Mitchell unassisted), Oshawa won over Bowmanville 6-2, and Oshawa rolled over St. John's 6-1.

Bobcaygeon received the Floyd Hie Memorial trophy donated by Carl and Shirley Hie. Consolation winners, Oshawa, received the Gord Monk trophy.

Upcoming games at the Minden arena are: Thurs. Dec. 22, 7 p.m., Haliburton Atoms at Minden; 8 p.m., Haliburton Pee Wees at Minden; Fri. Dec. 23, 8 p.m., Mactier juveniles vs. Minden.

Haliburton Dixie Lee donated sweaters to the Haliburton House League Peewees recently, pictured are Ken Fielding, franchise owner, coach Bob Pollard, and players Brian Waller, Paul Belfleur and Jason Morissette.

JUST ARRIVED.....

THE ALL NEW 1984 DODGE CARAVAN 4 CYLINDER FRONT WHEEL DRIVE

Here's a totally new concept in automotive design and engineering — Caravan. Created for the active family and the new lifestyle, it's the most innovative, forward-looking and efficient vehicle ever produced.

It handles like a passenger car, yet meets the functional needs of a larger van-type wagon. It provides comfortable seating for up to seven passengers and carries an extraordinary amount of cargo, yet is remarkably fuel-efficient and fun to drive.

Years of development time and 700 million dollars of investment went into the creation of Caravan and automotive experts herald it as the vehicle of the future. One test-drive and you'll agree with that judgment.

Meet Caravan — tomorrow's wagon, today!

Family

Writers' Corner

At this time of year we celebrate
The 25th of December as Jesus' birthdate.
But very few recognize such an important event,
Nevertheless, from the manger to the cross he went.

We gather together with family and friend
But for those who party, the night has no end.
With lots of food, fun and gifts galore
Why do you celebrate Christmas, need I say more?

We remember at this Christmas time his birth,
And the special reason that he came to earth.
He was sent from his heavenly Father above,
To give his life for mankind, a gift of love.

Some people socialize and have just one drink,
But lives are lost, destroyed, no time to think.
Of the cost that is paid to fulfill their pleasure,
God's word says, "Where your Heart is, there is your treasure."

Many have tried drink and dope,
Then they wonder why they cannot cope
With life's pressures, problems and cares,
There is only one person to lift you out of despair.

In this world of trouble and sin,
As you enter eternity you will begin
To wish you had listened and turned
From sin, but it's too late for God's word you spurned.

You have tried everything and it has not worked out,
Put your faith in Jesus and do not doubt.
Do not linger or ponder and delay,
For He is the truth, the life, the way.

He is waiting at your heart's door now,
For you in His presence to humbly bow,
And pray, "Lord, I know I am a sinner,"
And I believe as I give myself to thee, I'll be a winner.

You see, people, life is too short to waste it away,
Why not try Jesus in your life, he's calling today.
To welcome you into his family circle,
And on this Christmas day you will be a new miracle.

Ruth McKnight

A Christmas Song

Wee, Holy babe
Born in Bethlehem town;
Bright was the star

This youngster waited patiently in a long lineup for a chance to see Santa Claus at the Legion hall in Haliburton on Saturday. Each child who came to the party received a present as well as a handshake from the merry old gentleman himself.

Information Centre News

By RUTH FOSTER

Have you ever thought about what volunteers do for our County? Why, in our office alone, we have ten volunteers that either answer the telephones, type, give out information or canvass the streets with brochures. They are a vital part of our organization and one could say that they are the backbone of this service.

Elgin Stouffer is another person we could recognize in our County as someone who

does some excellent volunteer work. Elgin lives at Hall's Lake and provides current events and weather reports for the local radio stations in and around the area. He is very dedicated to this task (and it is a big one!) and has been providing an excellent service for our county. Elgin is however, finding it hard to keep up with the current events in the County. Therefore, he would ask that the local organizations that would like the

publicity, call him and leave a message with either himself or on his answering machine. Elgin Stouffer can be reached by calling (705) 489-2395.

Jane Graham in Minden has contributed many volunteer hours to the Haliburton County Home Support Services. Jane has spent almost

four years convening the Meals to Wheels program for the senior and disabled people.

Please turn to Page 10

Senior League

BY BERT HARRISON

Service was held in the chapel Sunday night, Xmas carols were sung. Harold read the scripture lesson, taken from Matthew 2nd Chapter and also lead in prayer. Rev. Burgess spoke on how the birth of Jesus did occur, and the Wise Men came with Gold, Frankincense and Myrrh.

To the Editor of the Times paper and all of his staff, to the Haliburton County Echo and their staff too, we would like to say a big thank you for printing our Senior League letter, all through '83. A Joyous Xmas to you all from the Mrs. and me.

Rev. Wicks did not come to take the service Tuesday morning and did not tell us why. Fred Ballard could not come to play the music, feeling not too spry. There were not so many there, Doris played and we sang some Xmas carols, and closed with the Lord's Prayer.

The movies Tuesday afternoon were The Critter the Raccoon, Rideau Canal reflecting, Silent Night, and New Norway which was quite a site.

We would like to thank our girls and all who are responsible for decorating our Home so lovely for the festive season.

Life was saddened, for us at this Xmas time, by the passing of Mrs. Blanche Windsor, a dear sister of mine.

There is always time to add a bit of humour, Wednesday a.m. - about five o'clock, the fire alarm went off which gave us quite a shock. A nurse came running in, bless her dear heart, and said get your boots on in case you have to start. Now wouldn't we look cute standing in the snow, wearing only boots. There wasn't any fire, so instead we took off our boots and crawled back into bed.

It was nice to see our own Annie Cox's picture in the paper, along with five generations. Congratulations An-

nie.

We have Ralph Daniel back again down our line, after being absent for quite some time. Earle Cooper came Wednesday night, brought his wife and daughter and sister in law too, if they left Kathy out, I don't what we'd do. Earle played some lively tunes on his violin, then Kathy played the accordion. We sang some Xmas carols and good old hymns.

Tuesday morning the grade 6 pupils along with their teacher, Dave McConnell from the Archie Stouffer school, came over and put on the play, The Mystery of the Stolen Presents. It was really entertaining and well acted too; we enjoyed it all the way through.

Mrs. Margaret Sisson came back to us today. We hope she likes it better and decides to stay.

The senior ladies of Min-

den Curling Club, brought in the luncheon Thursday; we did not partake, we were away. I'm very sure it was good, and also sure they were thanked, if they weren't they should.

The ladies working at the round table say it doesn't seem fair, everything they try to make round, nothing seems square.

We haven't had any Sing Songs for three weeks or so, no one to make things hum. Grace Coburn had a very bad cold and could not come. They came this Friday - Grace to lead the singing Fred Ballard the organ to play. It's nice to have them come to entertain; we look forward to when they come again.

To all our Readers far and near,
This is our Wish for you.

That you have a Merry Xmas and
A Happy New Year too.

Home Support News

By MARIE WALLACE,
Co-ordinator

Now that winter is upon us we sometimes get a feeling of isolation. This is especially true of seniors living alone. But we don't want this lonely feeling to last and it needn't. Home Support has a free service for the elderly or handicapped who live alone. Thanks to our wonderful volunteers, you can be matched with a person who is compatible in personality and interests who will call you daily or as many times as you wish during the week.

This program is known here as "Fone-a-Friend". In other areas it is known as "Telsure", "Telephone Assurance Service", "Telephone Visiting Chain" or "Telephone Buddies". Unfortunately, in February

of 1981 an elderly resident of Haliburton County died in his home - he had no close neighbours. His body was discovered a week later by visiting relatives. We don't want to learn of this ever happening again. By having close contact with friends and by letting them know if you feel unwell, you can receive help in time.

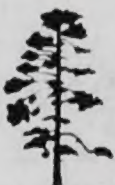

If you would like to have a friendly chat with a friendly person on a regular basis, you may call me at 457-2941 and I will match you with a caring volunteer. This is all part of making Haliburton County the best place in which to live! New volunteers are always welcome - please call me if you wish to become involved in any of our programs. Merry Christmas!

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Kinmount Korner

By MILLIE MOSS

Some 28 ladies and gentlemen attended the Senior Citizens dinner which was held this year at the Kinvale Inn. President Clara Watson greeted one and all and Father Don Kroetch said the Grace. Dinner was roast beef with all the trimmings. Delicious goodie trays were passed around through the evening. There was an exchange of Christmas gifts and seven tables of euchre followed with the following results: ladies' high, Win Wilson; ladies' low, Vi Cooke; men's high, John Hickey; men's low, Harold Scarlett and lone hands, Don Kroetch. The party was enjoyed thoroughly by all who attended and thanks go out to the hostess who made everyone so comfortable in the homey atmosphere and to the very pleasant and thoughtful waitress.

There was a very good turnout at the annual C.W.L. Turkey Bingo held at the Kinmount Legion, Monday, December 12.

The Legion Ladies' Auxiliary served some 100 at the Galway Township dinner at Galway Hall, Saturday, December 10.

Congratulations to Shane Hartin who was the prize winner in being top seller of spices in the primary room and to Robin and Dan Magee who shared, in the Senior room top selling.

The Kinmount Public School students contributed \$31.55 to the Victoria County stocking fund and we're all proud of them.

December 14, the above students held their annual Christmas concert at the

town Community Hall and it was a huge success with their plays, carolling and recitations.

Friday, December 16 a Christmas dinner was shared by students and staff to end the first term and to celebrate the season. At this time students and staff would like to wish all parents and friends a very merry Christmas and a happy New Year.

Results of the Galway Wednesday night, December 14 euchre games: ladies' high, Mitzi Aylmer; ladies' low, Maxine Cross; men's high, David Anstey; men's low, Harry Stuart; most lone hands, Collin Longhurst and Leon Wright.

A New Year's party will be held December 31 at the Galway Hall which is on Galway Road off Highway 121, four miles south of Kinmount. Time: 8:00 p.m. to 1:00 a.m. For reservations call 488-2217 or 488-2000. It is sponsored by the Galway Culture and Recreation Committee, with all proceeds being donated to the Galway Hall building fund.

The following did not reach the column last week so now we would like all to know that Ted McNamara of Oro Station, who is a son of Dave and Irene McNamara of Kinmount, got himself a twelve point buck in the recent hunt at Tory Hill. Doug Pearson bagged a ten point in Galway Township during the hunt.

I was sorry to hear Joan Simmons has been laid up due to an infection. While washing walls in her father's home a needle apparently stuck in the wall broke off in

her hand. Joan had it attended to by her doctor, but at a later date an infection set in and she was once again visiting the doctor. Here's hoping all is well by now.

Bill Lilley is one of the cold sufferers of late as was Al Hall and one Millie Moss, among others. It seems to hit suddenly and takes its time in leaving.

Bill and I made a trip to Lindsay last Monday and it was sure a busy place. We met some old time customers/friends and enjoyed recalling some of our experiences while in our little store in Fenelon Falls in the last decade. We also stopped by to say hello to Ida and Clyde Pardy at Pardy's Variety. They are enjoying their new life and enjoy seeing their "northern" friends come in any time.

Wednesday, December 14 we thoroughly enjoyed our dinner guests Janet and Tony Abela, formerly of T.J.'s in town and now residing in Thornhill. They will be returning from time to time to visit their summer home and the friends they've made in our little corner of the world. Good luck always in your new life. Tony and Jan. They had a very bad start as the first night in their new residence could very well have been their last. A defective furnace caused fumes and if it hadn't been for little Carmen becoming ill and waking the rest of the family, Tony says it may have been a different story to tell here.

Guests at the home of Mary and John Pyke recently were Audrey and Wilf Belanger of Rexdale and Marie

and her son Philip Card of Jackson's Point.

In last week's column I had made note that the Kinmount Legion would not be holding a bingo on December 23 or 30. Last Friday evening it was put to the showing of hands so now the bingo is on, both nights. Only two pairs of hands came up against holding bingo and they belonged to two of the bingo helpers. Sorry boys - but you were kind of outnumbered!

Bill Moss Jr. has asked me to thank all of you who have been enquiring as to his health. He's back to work although is supposed to take things easy for a while yet but says it's a good feeling to know someone cares.

Our heartiest congratulations to Mark Newman, whose wife Karen presented him with a beautiful seven pound two ounce baby girl who will be named Genevieve Sara, on Friday, December 16. Everyone is proud, happy and doing well. Mark and Karen are residing at our river house and I'm sure the birth of little Genevieve is a first in that house. All went well, and now they are planning on a trip to let the grandma's in on the happy event some time in the new year.

Take care, stay healthy and happy and keep on reading the Echo, which reminds me: a big welcome to one of our readers, Mrs. Mina Hughes of Lindsay, who is mother to Charlie Henderson in Kinmount.

From our house to all of yours: a very merry Christmas followed by the happiest of New Years. I'm still at 488-2353.

Gooderham News

By MARY HADLEY

Sharon Hunter is spending her holidays with her mother, Mabel Hunter.

Word was received in Gooderham last Tuesday of the sudden death of Herbert Bates of Tory Hill. He is survived by his wife, the former Kathleen Stoughton, a son, Ken, and a daughter, Helen. Funeral services were held on Saturday, with interment at Glamorgan Cemetery.

Ross and Susanne Cary, with their two children, of Magnetawan, visited their parents, Pearl and Albert Cary, recently.

It is good to report that Albert Cary has been able to return to his home following surgery in St. Joseph's Hospital, Peterborough. Best wishes for continued improvement!

We were sorry to hear that, at the time of writing, Bruce Staley was in St. Joseph's Hospital, Peterborough, undergoing further treatment.

The UCW met at the home of Shirley Madill last Tuesday afternoon for their Christmas meeting. Carols were sung, accompanied by Shirley on the guitar. The story, "The Gifts of the Magi" by O. Henry was read, as well as a favourite Christmas poem in answer to the roll call. Gifts were exchanged after which the hostess served lunch.

Army Goff has just returned from a 10 day trip to Hawaii. He was accompanied by his son, David. He was impressed with a printing plant on the island of Maui which was established by missionaries in 1822. Here

he discovered how the natives derived a written language which finally reduced their alphabet to only 12 letters. He flew close to an active volcano and saw it in eruption. Here he took moving pictures. He enjoyed the beautiful weather but says he prefers the beaches of Haliburton.

Leona and John Mackie of St. Catharines are spending the holiday season with Leona's mother, Mrs. Mae Pickens and Vaneta.

Christmas visitors with Norma and Bob Fotheringham include their son, Leslie; Norma's sister, Gladys Monaghan and Elva Whitcombe; Brian and Maryanne Monaghan with their two children.

Grace Billings has just returned from an enjoyable three-week bus trip to Daytona, Florida.

Aldridge Hunter has returned after having had tests in Toronto General Hospital. We hope he may soon show improvement.

I expect to spend Christmas and the New Year in Barrie with my son and his family.

Where is Santa Claus? He's seen in the smiles of the whole world is sharing...He's found where there's friendship and loving and caring...He's felt in warm handshakes where people are meeting...He's heard in the cheer of a Christmas time greeting...His spirit's behind all the gifts we receive...He's everywhere, always, to those who believe.

My wish to my readers is -- May the spirit of Christmas bring joys that last all through the New Year!

Coboconk News

By SHEILA LAKE

The weather was favourable and the turn out great for the annual Santa Claus Parade last Sunday.

Some 17 floats, all eye-catching, were in the parade. The little folk journeyed out to Legion after the parade and each received a gift and

candy. To the Legion, the Fire Department and all who helped - you did a really good job.

Among the sick and in hospital the past week were Gordon Timleck, Mrs. Irene Cross, and Nelson Leary and Lorne Greer (from Miner's Bay area, and well known here). Hope you folks are all out of hospital for Christmas.

Friday night was the annual Christmas dinner at Shiloh Christian Centre, Fenelon Falls, with a number from here attending.

Mr. and Mrs. John Faulkner and family of Peterborough, Lloyd Faulkner and Lawrence Davies of Belleville all were Sunday visitors of Mr. and Mrs. Ross Faulkner.

We were not able to go, but were offered tickets to see Cam Fella, the Prince of Pacers, the greatest and richest standardbred horse in the world, run his final race at Greenwood race track in Toronto last Saturday. For those who did not attend, I'm sure they would receive the sports thrill of a lifetime. He won the race, naturally, and

now will retire to JEFS Racing Stable in New Jersey.

About 150 turned out to the Seniors Christmas dinner on Tuesday evening at the Lions Community Hall. The folks filled up on chicken and roast spare ribs along with all the other goodies.

Don't our street lights look attractive? Did you ever notice the many street lights in different towns and villages? They are so attractive. Makes you wish the atmosphere could last all year!

Louie Marles of Peterborough visited his mother, Mrs. Annie Marles on Saturday.

Work is again in progress on the new IGA store location. I hope the snow does not get too deep for the builders.

Randy and Heather Greer of Head Lake have moved into the house at the end of Water St. vacated by the Parnell's. They have gone to Kirkfield to live.

Christmas greetings to you all and may 1984 be a good year for you!

Dorset News

By PHYLLIS BRISCOE

"It came upon the midnight clear, that glorious song of old, from angels bending near the earth to touch their harps of gold; and the angel said unto all: 'Fear not, for behold, I bring you good tidings of great joy.'"

Is everyone having great numbers of hungry birds coming in to their feeders? I have had chickadees before, but never by the dozens and they are so busy, flitting back and forth. There have been a few blue jays as well as other types of small birds that are taking advantage of the free handout. I also have one chipmunk and one squirrel hanging around my door and I think they would pop inside

if given half a chance. They are very cute but I understand can be quite destructive if they get into your house.

Wednesday, December 14 was a busy time in the area. The Dorset Senior Club enjoyed a turkey dinner with all the trimmings at the Country Kitchen in Baysville. The beautiful dining room was attractively decorated and a Christmas tree gave the event a festive atmosphere. The tables were also aesthetically set up with decorations that displayed creativity. There were 22 members present and all enjoyed the excellent meal. After dinner everyone returned to the club

Please turn to Page 10

Norland Natter

By KELLY GRAHAM

Well, exams are over and school is out (thank goodness). Now all kids are free to pester their parents about the presents they're going to receive on Christmas morning.

A late bus service for Fenelon Falls Secondary school students, staying after school for sports, school clubs, or extra help, will be running starting January 10. The bus will run on Tuesdays, Wednesdays and Thursdays, at 5:15. It will go to Bobcaygeon, Coboconk, Norland, Kinmount, Burnt River, Cameron, Cambray, Glenora, Kirkfield, Bolsover, and Argyle. This should be a welcome convenience for those participating in

extra-curricular activities.

The lucky lady, formerly of Norland who won \$5,000 in the "Pot of Gold Lottery" was Jean Henderson. Unfortunately when the article about her was written up last week a last name was omitted.

The winner of Shirley Harrison's free Wintario ticket last week was Mrs. Johanson.

It was a good day for the Coboconk Santa Claus parade last weekend. A lot of people showed up to see jolly old Saint Nick and afterwards gifts and bags of candy were handed out to the children present.

Due to the fact that Christmas is just around the corner

here's a recipe that might come in handy: Hollyberry Punch. Ingredients: 1 can (6 oz.) quick-frozen concentrated lemonade, 1 can (6 oz.) quick-frozen concentrated orange juice, 5 cups water, 1/2 cup grenadine syrup, 1 quart ginger ale. Combine juices, water, and grenadine and mix well. Add ginger ale. Pour over ice in punch bowl. Float slices of lemon and/or orange for garnish, if

desired. Makes about 2 1/2 quarts.

Darlene England was surprised recently by a visit from her father.

The euchre scores for Thursday, December 15, were as follows: ladies' high, Dorothy Brown; men's high, Grace England; men's low, Ken Bowins; ladies' low, Inga Wassel, lone hands, Paul Lightfoot.

HALIBURTON HIGHLANDS CHAMBER MANAGER

SALARY TO \$25,000

Duties to include: development and implementation of marketing plans, liaison within and out of county agencies and organizations, budget development and administration general office and staff administration and membership co-ordination.

The ideal candidate would be a person with some association management experience and strong marketing skills.

Previous applicants need not apply. Send resume to:

from page 9

for a social meeting, an exchange of gifts and to enjoy a video taped movie. Thanks to Gwen Raven for arranging the dinner plans and to Marg Walkden for the movie. The club rooms were attractively decorated with Christmas garlands and wreaths.

On December 7 the Dorset School held their annual Christmas concert in the Dorset Community Centre. The function was well attended and the entertainment was unique in that the theme was a pre-turn of the century little red school house. With great ingenuity the teachers recreated those days with a great deal of authenticity. They even had an old fashioned wood box stove, stove pipes and all. The audience was delighted with the children and teacher going through the antics of preparing for the Christmas Concert as that was what it was all about. Too bad it was on the same night as the Seniors dinner as I'm sure many would have enjoyed it.

I'm sorry to report the death of Mrs. Vi Taylor who had a home on Kawagama Lake and lived here a good part of the time. Mrs. Taylor died suddenly at her apartment in Mississauga.

The radio and TV news has warned that the ice on the lakes is not safe for snowmobiling, so take heed. Last week three men on snow machines tried to cross one of the smaller lakes in the

area. Two of them made it out the third went through. Happily, he managed to get to shore but his machine ended on the bottom. A very trying experience and it might have had a tragic ending. Take heed.

One of the young ladies in our village is a defense man or person on a local hockey team. Sheana Shortreed is playing with Brandt's Junior Honey's which is made up of girls 12 to 14 years of age and is in a league with Burk's Falls, Bracebridge, Parry Sound and Gravenhurst. Most of their opponents are girls several years older and are heavier than the Honeys, but I understand they hold their own and are really playing good hockey. Good luck, Sheana and more power to the Junior Honeys. We enjoy hearing that our girls are into sports activities.

Birthday greetings to Josephine Gaudette who will be 11 on December 29 and to Michael Johnson who celebrates his 8th birthday on December 30. Congratulations to both.

There may not be any Dorset news in next week due to the fact that the Post Office is closed Monday and Tuesday, we'll see, but I would like to wish one and all a very Merry Christmas and a Happy and Prosperous New Year.

H.H. If the snow is sticking to your shovel take it inside, dry it and warm it then apply a coat of floor wax or other type. It will make for much easier shovelling.

Writers' Corner

from page 8

That shone, pointing down,
Showing the place
Where the Jesus babe lay;
Without crib or cradle,
He lay on the hay.

Wee, Holy babe
Drew the Wise Men to see,
Bearing their gifts
For One Who would be
Our Teacher, our Saviour,
Our Heaven-sent King.
Now in His name,
Our love gifts we bring.

Mary, the Mother,
Sang soft lullabies,
While angels' sweet praises
Were filling the skies.
Shepherds and Wise Men
All hailed the babe small,
Who later would reign
As King over all.

Haliburton's House League Novice team received new sweaters from the local Kinsmen recently. Pictured are coach Bob Johnston, Jerry Walker of the Kinsmen, and players Mark Morissette, Jeff Black and Greg Stamp.

Nursing Act altered

Nursing home residents will be encouraged to participate more fully in matters that affect their homes by forming residents' councils, Health Minister Keith Norton announced today. In addition, Norton told the Legislature's Committee on Social Development that residents who require brief hospital care will now be assured greater peace of mind because their medical leave of absence will be extended from three days to 14. These changes are covered in new regulations of the Nursing Homes Act effective January 1, 1984.

Made up of at least three residents or their delegates, a residents' council provides a forum for regular communication among residents, administrator, staff and community. A council also encourages residents to make recommendations to the administrator on matters in the home that affect them.

Where a residents' council is not already in place, a

nursing home administrator will be required to call a meeting once a year of residents, their representatives or next-of-kin to advise them of their right to have a council. There are a number of homes where councils are already in place.

Norton said, "A council will assure residents of a forum in which to raise their concerns about the operation and services provided in their nursing home."

The second new regulation announced today will extend a resident's leave of absence for medical reasons. Until now residents in hospital had their nursing home beds held for them for three days during which time the government continued to pay its portion of the per diem.

Under the new regulation the three days will be extended to 14. If residents are returning to the home within 14 days, the beds will be held and the government portion of their per diem paid until they return. Residents not

returning until after the 14 day limit must assume the total per diem, government and individual portion, for each day in excess of 14. The total per diem for a standard ward nursing home bed is \$42.35.

"This extension of medical coverage," said Norton, "should ensure that no nursing home resident incurs financial hardship due to illness requiring admission to hospital."

Minden news

By MAIZIE AUSTEN

Sincere sympathy to the family and friends of Diane Stevens.

With all the Christmas parties in full swing drive carefully and get home safely.

The Allan Uptons have moved into their new home at Lutterworth Pines.

David Ackerblade hurt the muscles and chords of his neck last week. He has the collar off now. I hope you feel better now, David.

The LOBA had their draw on a hand made quilt at the regular meeting Wednesday, December 14. The quilt was won by Suzanne DesChenes, care of Jean Hewitt of Minden. Ticket no. 152.

Get out and support your hockey teams. The PeeWees play Thursday, December 22, 8:00, Haliburton at Minden. Atoms play Thursday, December 22, 7:00 Haliburton at Minden. Juveniles play Friday, December 23, Mactier at Minden.

Drive carefully and keep an eye for the children. They are on holidays and may get a little careless.

There won't be a column next week because of Christmas week but keep on phoning the news in anyway. Anyone having any news for me to print please call 286-3607. Thank you.

I would like to thank everyone that phoned in and gave me news to print. Thank you to you all.

I would also like to wish our readers a very Merry Christmas and a Happy New Year.

Charlie Palmer is out of the Hospital now and feeling much better.

There will be free movies for the children at the Cultural Centre on Friday, December 23, at 1:30 p.m.

Guests over the weekend with the Milt Sears were Carol, Reg Leaman, Phillip and Karen of Keswick. Muriel Ewing, Chris and Scott, Sandra Sears and Logan of Toronto.

The mini card party winners were as follows: Crib, Joyce Hewitt (perfect score) and Dora Dawson; euchre, lone hand, Freda Stacey, Mae Eldridge and Martha Mansfield. The mini card

parties will be as usual on Thursday throughout the holidays.

I would like to straighten something out concerning the news for this column. There is no charge to get your news printed in this column. All you have to do is give me a call and let me know what you want to put in the paper. I have had several people call or ask on the street what the cost is.

I hope Santa is good to you all and hope to be with you all again after the holidays. Merry Christmas.

Never a Christmas morning, Never the old year ends But someone thinks of someone, Old days, old times, old friends.

Household hint: How to remove alcoholic beverages. Sponge immediately with cold water. Apply vinegar water (1/2 vinegar). Rinse. Beach with chlorine bleach and laundry. For white cottons and linen or bleach with dilute hydrogen peroxide and laundry for other washables and cottons. Sponge with turpentine or carbon tetrachloride.

Information Centre news from page 8

ple in her area. Presently, Jane is wishing to retire from this position and I think she deserves a long awaited break.

This volunteer job involves telephone work -- no driving -- but it gives you a feeling of goodwill knowing that you are helping someone receive a well-balanced hot meal, three times a week. I hope that we can help Jane by finding a volunteer to carry on this service. If you live in Minden village and would like to know more about this position, you can Marie Wal-

lace at 457-2941 or call Jane at 286-2024.

These people are just a few who have volunteered their time and energy to helping the County of Haliburton. From time to time I will be writing about volunteers in our county. I also hope that if you have a bit of time to spare, you will become a Haliburton County volunteer yourself.

A little note about Christmas:

A safe Christmas is a Merry Christmas. Please don't drink and drive. Be

careful of fires by watering your tree and don't put all your wrapping paper in your fireplace or wood stove at once. Just use your common sense, and I'm sure you will all have a Merry Christmas.

Your County Information Centre is located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton. We are open Monday through Friday 10:00 a.m. til 4:00 p.m.

And remember, you will never know the answer until you ask the question.

THE HEALTH SHELF

I would like to Thank the many people who have contributed to the success of my store, especially David, Cameron and Cindy for their loving support to a busy wife and mother.

As I leave on my "extended vacation" I know your prayers and blessings go with me.

The store will reopen on January 3rd - new owner, new name, but the same great spot to shop!

THANKYOU, HALIBURTON
MARGOT DIXON

NOTICE

NOTICE OF LAKE TROUT SPAWNING ENHANCEMENT - KUSHOG LAKE

The Leslie M. Frost Natural Resources Centre is proposing to enlarge the lake trout spawning bed at Ox Narrows, Kushog Lake, Stanhope Twp. Providing a greater area of suitable size angular rock for spawning will increase natural lake trout reproduction, thereby increasing lake trout angling opportunities.

This project is being planned under the Ministry of Natural Resources' approved class environmental assessment for Water-related Excavation, Dredge and Fill Activities.

You are invited to direct any inquiries, comments or concerns regarding this proposal to the director, Leslie M. Frost Natural Resources Centre by 16 January, 1984.

Planning of the project will be continued and final notice issued to those who have responded to this initial notice and those who are directly affected.

If no serious concerns are raised, the finalized proposal will be filed with the Ministry of the Environment for information purposes and the project may be implemented 30 days after final notice has been issued.

Patience urged

Canadians are expected to place about 6,000,000 long distance phone calls to relatives and friends around the world on Christmas Day, all but half a million of them by direct dialing.

In Ontario, Bell Canada expects Christmas Day to have the heaviest volume of calls during the yuletide period, closely followed by Christmas Eve. The other busy days will be Boxing Day, December 26, New Year's Eve, New Year's Day and the two Sundays preceding Christmas.

In the Peterborough area, several extra persons will be on duty over the holiday period to handle operator-assisted long distance calls, John Kilpatrick, Bell Manager in this area said.

Most calls will be dialed direct by customers -- the cheapest and fastest way to call long distance.

Kilpatrick warned the circuits may become overloaded at busy times because of the heavy volume of calls. If

there is no dial tone or a busy signal, the caller should try later. Peak periods to avoid are 10 a.m. to Noon and 2 to 4 p.m. on weekdays and early afternoon and early evening on holidays and weekends.

Bell advises the heaviest volume of overseas calls is to the United Kingdom, Italy, Greece, Germany, Portugal, France and Yugoslavia. Callers should remember the time difference between Canada and the overseas country. It may mean the difference between an unanswered call and an answered call.

Holiday calling can be smoother by planning ahead. Get numbers in advance. Directory assistance for numbers in North America is available by dialing "1", the area code if required, plus 555-1212. Overseas numbers can be obtained from Bell operators now and kept handy for the actual call. Calls cannot be booked ahead of time.

Letters

from page 5

Jeremy has reached the touching stage. When his "Papa" brought in the tree, he grabbed, and quickly dropped the nearest branch. Jeremy is also at exactly the right age to instill the most joy and enthusiasm into the season.

He oohs and ahhs at all the right moments: when the lights go on the tree, when the star goes on the top. Every different ornament is an experience. Some of our favourites have been handed down from his Great Grandparents. Each one had to be touched, and smelled, and named before it was carefully hung out of his reach. Fortunately we have other, not so precious ornaments. There is a patchwork stuffed candy cane that Jeremy insisted was a "banana" (his favourite fruit). Also, two tiny Christmas stockings that he tried unsuccessfully to wear before

we hung the "socks" on the bottom branches.

The garland tickled his fingers. He liked the feel of it, but kept releasing it and giggling. When I plugged in the silly chirping bird, he was beside himself, as were the cats.

As two year olds will, he soon got very excited. Running back and forth, handing out ornaments while we held our breaths - saying "ta-ta" and "petty twee," and laughing and shrieking with all the uninhibited glee only an innocent, joyous child can achieve. It was one of our nice trimmings. Somehow the tree seemed to absorb his gaiety and took on a special glow.

I felt a sudden urge to capture his smile, preserve it in jelly jars, and send it to the appropriate leaders labeled "Peace on earth please!"

Virginia Muenzel

Police news

Accidents

On Wednesday, December 14 at 5:15 p.m. on Highway 121 near Allsaw Bridge, Minden Township, Robert Penfold, age 40, of Minden, lost control of his 1977 Pontiac on a slippery downgrade. The car crossed the road and struck a parked 1979 Plymouth owned by Elizabeth Obrien of Minden Township. Damage was \$800 to the Pontiac and \$2,500 to the Plymouth. PC Brad Burkholder investigated.

On Thursday, December 15 at 4:40 p.m. on Highway 648 in Harcourt Township, Vilem Gottwald, age 55, of Harcourt Township, turned left into a service station in his 1975 Dodge van. He was struck in the right rear by an oncoming 1983 Datsun driven by Jane Erikson, age 28, of Cardiff Township. Damage was \$700 to the van and \$5,000 to the Datsun. Gottwald was charged with making an unsafe left turn. Investigated by PC Jim Solway.

On Sunday, December 18 at 8:10 p.m. on Bobcaygeon Road in Anson Township, Edward Simard, age 23, of Anson Township, lost control of his 1983 Toyota pickup on a slippery downgrade. The vehicle slid backwards into the ditch and rolled onto its roof. Damage was \$2,000. Investigated by PC Boyd Jarvis.

thank you

We would like to thank all our friends and neighbours for their many acts of kindness during the time of our bereavement. Kay, Helen and Ken Bates 27-P-21

The family of the late Ada Pacey wishes to express our appreciation and heartfelt thanks to our many friends, relatives and neighbours for their kindness, prayers, sympathy cards, flowers, cash donations and food. Special thanks to Dr. Hartwick, Dr. Good, the nurses and staff of Extensicare at Haliburton; Wiggins Funeral Home; Rev. John Phillips for his words of comfort; and the ladies of Harcourt for the lovely lunch. The Pacey Family 27-P-21

We wish to thank everybody for their patronage in the past year, and wish you all a Merry Christmas and a prosperous New Year. P.J. Glass & Mirror 27-CA-21

Len Hagerman and his family would like to thank Dr. Hartwick, Sandra Curry and all the other dedicated doctors and staff who attended him during his recent illness. Their care, love and attention stands to their credit and should make the community proud that such a fine group of people are here to serve them in their time of greatest need. 27-CA-21

in memoriam

MAUGHAN, Annie - In loving memory of a dear mother, grandmother and great grandmother who passed away December 28, 1981. Silent memories keep you near. As time unfolds another year. No longer in our lives to share. But in our hearts you're always there. Lovingly remembered by daughter Biddy, son-in-law Ross, grandchildren and great grandchildren. 32-B-21

in memoriam

SAWYER - In memory of our dear son, Ron, who was taken so suddenly December 26, 1981. Two years ago we had to part. With a son we loved with all our heart. We miss our son and always will. He left a place no one can fill. So many times we've needed him, So many times, we've cried, If love could have saved him, He never would have died. So those who have a son, Love him while you may, For how we wish with all our heart That we had ours today. So sadly missed, Mom and Dad. 32-P-21

Anson, Hindon, Minden council minutes

At a meeting of Anson, Hindon and Minden council last Thursday the following matters were considered:

Bob Clark of The Greer Galloway Group was present to discuss a waste management study which is being considered by Council to extend the life of the Scotch Line Landfill Site.

Council agreed that terms of reference should be prepared for circulation to qualified firms for a quotation.

Wilfred Ackerblade attended regarding the location of the road passing through his property and that of his neighbour's, Joe Warder. Agreements had been signed in previous years to allow the township to encroach onto his property 33 feet from the centreline of this existing road, however, no actual survey was prepared at that time. The two property owners involved are in favour of sharing to some degree in the costs to complete the survey which amounts to approximately \$3,500, and prepare the necessary deeds, however, he requested the township to absorb most of the costs.

The Clerk was instructed to obtain an estimate for the legal costs involved and advise Wilfred so that he and Joe can review the costs and make a further proposal to Council.

Council agreed to donate the use of the auditorium to the Minden Boy Scouts for its annual father and son banquet held May 3, 1983.

Anson, Hindon and Minden Reeve and Deputy Reeve will approach County Council (Haliburton) and promote the acquisition of the abandoned CNR railway line by the County for future considerations of transportation and or recreational purposes.

The Reeve and Clerk were authorized to endorse the deed from D.E. McKelvey and Isabell Fairrey for property known as part 4 on RD Plan 19R-2886 for roads purposes.

It was decided that in due recognition of Minden's 125 anniversary in 1984, a policy be instituted for a six month period beginning June 1, 1984 whereby all members of Council and attending staff must appear at regular meetings of Council dressed in attire appropriate to the 1850's. Failure to comply with such policy shall result (at each occurrence) in sanctions imposed upon those persons as decided by the majority of Council in attendance. A minimum sanction shall be a \$5 contribution toward coffee break supplies.

Council agreed to donate the ice surface and the auditorium to the Minden Winter Carnival Committee for the annual carnival on January 27, 28 and 29, 1984, with the exception that the committee be responsible to pay the upstairs concession rental directly to the Recreation Committee.

Three tenders were received as follows: Pritchard's Electric \$1,425; Wm. Payne & Sons Ltd. 1,800; Minden Electric 2,850.

The tender of Pritchard's Electric was accepted in the amount of \$1,425.00 for the extra services required for the decorative streetlighting on Main Street.

Councillor Gary Kenney declared an interest in application No. 22 as he is the owner/operator of the Blairhampton Alternative.

Applications 17, 18, 19, 20, 21 and 22 for 1983, drawn pursuant to Section 496 of The Assessment Act, were approved in the total amount of \$500.40.

The townships agreed to sponsor a Katimavik project and the necessary application will be forwarded for approval.

P.W.D. accounts for the month of November were approved for payment in the amount of \$42,598.83.

The following accounts were approved for payment. General, \$266,597.21; Water \$2,993.84; and Sewer, \$13,391.56.

The Clerk was directed to forward a letter to Ontario Hydro expressing Council's appreciation for their co-operation with respect to the installation of the decorative streetlighting.

Council passed a resolution stating that "this municipality strongly objects to the decision reached by County Council that the Ingoldsby Bridge not be replaced.

Considerable time and effort has been spent on plans and a great deal of money was expended on consultants plans and land acquisition.

Residents of Ingoldsby were led to believe that the replacement of the bridge would proceed; and as of this date, no publicity release or explanation has been given to the Ingoldsby residents.

Let it be noted there is a resolution in the minutes of County Council dated October 13, 1981, moved by Mac McGillveray, second by Murray Fearrey, "Be it resolved that Greer Galloway complete the design and tender documents for Ingoldsby bridge so that tenders can be called in the Spring of 1982." Resolution was carried and -

The bottom line of the bridge inspection report done by Totten, Sims, Hubicki in 1980 "Before implementing the restoration work and because of the ex-

penditure involved, consideration should be given to complete replacement of the existing structure." Designs and discussions have been going on since 1974. In May of 1975 design plans done by Mr. McAlpine were received by County Roads Committee and submitted to M.T.C. for approval. It has been nearly

10 years since County Council decided Ingoldsby should have a new bridge and costs have been escalating. It is time that County Council followed through on their original decision."

The Boundary Information Centre account in the amount of \$306.00 was approved for payment.

The Reeve received from Council the list of proposed appointments to the various committees for 1984.

Council will place an ad in the Times announcing general Christmas Greetings to the ratepayers as well as an ad in recognition of those volunteers who serve so generously for the community.

By-law 83-45 a by-law to regulate the rates of remuneration of certain employees of the Corporation of the Townships of Anson, Hindon and Minden was passed. Gary Kenney registered a nay vote.

By-law 83-46, a by-law to amend By-law 75-48 being a by-law to regulate the hours

of work, vacation, sick leave and for all employees of the Townships of Anson, Hindon and Minden, was also passed.

By-law 83-47 authorize an Ontario Hydro decorative streetlighting was also passed.

Haliburton County Board of Education minutes

from page 2

lished a committee consisting of: Ross Anderson, Len Salvatori, Cheryl Murdoch, Paul Wilson, Bonnie Berry and Nancy Stinson to deal with the hiring of a new Director of Education.

The Board will direct any person, or delegations of people approaching the Board, first to the appropriate committee where the matter will be dealt with, at this level. If the person or delegation of people are not satisfied, then they may apply in writing to the Board to be heard at a General Meeting. After the person or

delegation of people have stated their case, the Board will make their decision on the matter, after a discussion at a later time during the General Meeting, or if more facts are needed, at a later date. The person or delegation of people will be notified of the outcome in writing, as soon as the matter is settled.

The Director of Education's Annual Report was sent to all members prior to the meeting, for their consideration.

Any Board member with "new business" should approach the Chairman of the Board before the beginning

of the General Meeting with a brief, written outline regarding the "new business",

the Board decided. It was agreed to renew the membership with the Ontario

Public School Trustees' Association at a cost of \$2,029.82.

Committee to seek new director

A committee has been formed to select a new director of education for Haliburton County.

At a meeting last Tuesday, the Haliburton County Board of Education appointed trustees Ross Anderson, Len Salvatori, Cheryl Murdoch, Paul Wilson, Bonnie Berry and Nancy Stinson to serve on

the committee, which will begin the search for someone to replace the present director, Doug Hodgson.

Hodgson has notified the board that he intends to retire in June, after 11 years as administrative head of the Haliburton County educational system.
